## Why Did Bancroft Choose DC

1. Ability to have face-to-face meetings with DC regulators who are employees of DC
2. Ability of DC Regulators to work with Bancroft in its formation and development and proactively develop a dialogue among Bancroft and the Regulators to develop structures that meet each parties needs.

# WHY USE OF INCORPORATED CELLS

1. Ability to provide insureds with ownership of separate and distinct corporation
2. Through majority of the board, the ability of Bancroft to operate and manage the IC to meet DC regulatory requirements
3. The ability of insured as 100% shareholder to manage investment of reserves
4. The legal certainty of separate and distinct corporations to shield an IC liability from other ICs
